

OZARK HIGHLANDS TRAIL MAINTENANCE REPORT

Maintainers who adopt their own section of the OHT agree to maintain it at least twice a year and report to the Maintenance Coordinator after each trip. Failure to do so in a timely manner will result in your section being given to someone else—there is normally a waiting list. Report forms are available online on the maintenance page of www.OzarkHighlandsTrail.com , or you can contact the Maintenance Coordinator for more copies.

PLEASE NOTE: Any person in your maintenance crew who is not a currently dues paid up member MUST fill out our Temporary Membership Certificate (available from the outing leader or for download). Only OHTA members are permitted to participate according to our Agreement for Sponsored Volunteer Services with the United States Forest Service. The United States Forest Service will only "consider sponsored participants (current members) as federal employees for the purpose of tort claims and compensation for work injuries, to the extent not covered by the sponsor (the OHTA)."

Please fill out this form after each trip and send to Roy via post or email (rsenyard@cox.net):
Roy Senyard, 1180 Montview Dr., Fayetteville, AR 72701

TRAIL SECTION (Mile markers/Section Name): _____

REPORTED BY _____ Date of Maintenance _____
